**MUMIA ABU-JAMAL**, now in Graterford State Prison in Pennsylvania, was granted a stay of execution on August 7. On August 12 some 5000 people gathered at City Hall in Philadelphia to protest his incarceration and to call for a new trial. President Chirac of France and Nelson Mandela were among the many notables and peoples around the world to join in this appeal. At the end of the arguments by defense attorney Leonard Weinglass in behalf of Mumia in the Philadelphia Common Pleas Court, presiding Judge Sabo postponed the hearings until September 11 at which time he will hear a summary of the defense arguments and after that will give his decision on whether to grant a new trial. If his decision is negative an appeal will go to the Penna. State Supreme Court. People are urged to ask Governor Tom Ridge to refrain from setting an execution date.

**MUMIA** issued the following statement: "Per order of court this date [Aug. 7th, 1995 at noon. I am now not under an active death warrant although I remain under an active death sentence, thus I still sojourn in hell. I am thankful to thousands and tens of thousands of people, most of whom I don't even know, and in fact, have never known, except through letters, petitions and photos of activists, who have battled on my behalf."

**SPECIAL NOTICE:** Political Prisoners Unite reports that "On Saturday, July 22nd, 1995, in front of 4,000 people demonstrating in Berlin in support of former Black Panther, MOVE sup-

porter and activist journalist Mumia Abu-Jamal, a statement was read by political prisoners from Italy and Germany that issued a call for a series of 3-day fasts during the month of August. Consequently a call has been made for people to fast for a three-day period as proxies for political prisoners. Over 130 people are a part of the fast already!! Aside from those on the street fasting in the name of a political prisoner many prisoners have joined the fast."

**BILL DUNNE** writes from Leavenworth: "Between going into and coming out of the SHU and wrapping up perhaps my last ever semester of college (Pell Grants finally petered all the way out), I've been both occupied and disorganized." \*\*\* "My sixth trip to SHU for not being a good slave finally got me ejected from Unicor. Since all prisoners must work here, I was approved by officials for what passes for a good job. It lasted a week. I was then assigned to a corridor orderly job on which I had to hang out in the main hallway all day--even with nothing to do!" \*\*\* "For being six minutes late for an unprecedented sixth weekly workday, I was segregated for 'refusing an order to work.' First stop was the Cuban unit, currently being used as an overflow SHU. Conditions in that unit are atrocious: stifling heat and humidity; filthy and falling apart, tiny cells; bad plumbing, noise; bugs; joke/recreation, etc. I only had to spend a few days there; many of the Cubans have been there for years." \*\*\* "I was brought from that unit to the SHU where I was jumped on and roughed up while handcuffed behind my back by five brave and honorable defenders of truth, justice and the American way, for refusing to cell with a smoker. Such insistence seems ironic in light of fearless leader Clinton's recent

concern about smoking, eh? All of the foregoing was 3 weeks ago & I await due process for my horrible crime (not holding my breath!)."

\*\*\* "In the May issue of TJI, Chuckie Africa wrote: '...just another example of the illogical innerworking of white men's minds...' An explanation of the meaning of this comment would be appreciated." \*\*\* "The future holds promise!"

ψψψψ

**TERRY YANT** writes from Auburn, N.Y.: "More power goes out to the B.P.P, POW's, P.P.'s,, Muslim Radicals and to all the brothers and sisters on death row... Have you heard about Bro Mumia Abu-Jamal's stay of execution?"

\*\*\* "Why won't the Black journalists and any other people of color or groups/organizations support brothers and sisters who have been striving very hard to create some changes-- society has rocked them to sleep!" \*\*\* "Once all of the Bro. Mumia Abu-Jamals and Sis. Angela Daveses have been exterminated, these very same (rocked to sleep) people will be racing to the unemployment lines when rude awakening comes to roost." \*\*\* "I've been put out of Elmira prison for opposing the re-establishment of the double-bunk system. My next stop will be South Port which is a 23-hour lockdown...." May Allah T'Ala aid all the struggling people!"

ψψψψ

**DEBBIE SIMS AFRICA** writes from Cambridge Springs, PA: "The only reason Mu [Mumia] got a new trial is because of all of the support from hard-working people like Move people, Jane Henderson and others who put on hard long demonstrations and hours and hours of phone calling, answering calls from all over the world at all times of the day and night. Long Live John Africa!"

ψψψψ

**SANYIKA SHAKUR** sends two articles, "The George Jackson Phenomenon: Flowing in File," and "The Need for Ideological Consistency - Part II" which are thought-provoking and important but too long for publishing in TJI.

## This Just In ...

They will appear respectively in Fresno State University's "Wazo Weusi" journal and in "Crossroad." \*\*\* Sanyika adds, "Re-Build!"

**RUSSELL SHOATS (MAROON)** writes from Greene Co., PA, prison: "The news has reached us about Mumia receiving the stay of execution...Most of the prisoners (locally) had given up on Mumia being able to garner enough support to stop 'Roaring Ridge' and Co. from murdering Mumia....Although there is still a lot to be done to assure Mumia a new trial and eventual freedom, I believe we(all) have crossed a historical watershed...." \*\*\* "Despite the fact that the various states are killing other 'political prisoners,' in Indiana and elsewhere, none of them had succeeded in garnering enough support to ...save their lives...Mumia had...." \*\*\* "I believe it is historical because our camp has been seriously disarrayed and fragmented for over a decade. To rise to the challenge (in such a short period), and beat back a serious assault by these forces is no mean feat! All of you deserve to be congratulated on your efforts thus far. Keep up the good work--it's life-saving and educational." \*\*\* "Family members write that there is a lot more local (Phila., etc.) support for Mumia than one can learn from the media: daily demonstrations and neighborhood consciousness-raising activities at City Hall and throughout Philly. -- Giant two-story 'murals' have been painted of Mumia." \*\*\* "TJI has been stopped and I'm in the process of 'appealing' that." \*\*\* "Greetings to all..."

ψψψψ

**HERMAN BELL** writes from Eastern NY State C.F.: "Because of personal difficulties I've not sent in a shout-out to the bulletin in a good while. I am happy to see more names appearing in it." \*\*\* "Good news that Mumia was granted a stay--w/o the national and international support, he would've been executed on 17 August. This is very much a 'people's victory!'" \*\*\* "We want keep the pressure on for his complete exoneration, and at the same time explore new and more effective ways to

support the release of all of our POWs and .P.P.s." \*\*\* "Someone told me that some of their [European government's] long-term political prisoners are being released. If this be true we should explore ways to use it to our advantage." \*\*\* "Greetings and solidarity to all..."

ψψψψ

**IMARA SEKOU (WELDON WIGGINS)** writes from Pelican Bay: "See attached on Disciplinary action." A notice to Imara from the Associate Warden and the Program Administrator of SHU-D informs him that his request that a new policy regarding ordering books and magazines through special purchase order only be rescinded--this request was granted. [It appears that rescinding restrictions on purchasing periodicals, was at least in part due to Imara's appeal]. \*\*\* Imara further writes: "I'm still busy with the anti-political suppression program being carried out by the keeps..." \*\*\* "Revolution years change, change is an aspect of evolution. No one should lose heart because things move too slowly; on the contrary, you should strive even harder. Be an example, be a Malcolm X, a George /Jonathan Jackson, be like the good brother, Mumia Abu-Jamal, and/or countless revolutionaries caged free world wide--strive for consciousness; this year let Black August resistance fill your heart."

ψψψψ

**ABDUL HAQQ** writes from Donnemora: "I didn't receive July's TJI. The other brothers here received theirs..." \*\*\* "The Islamic community here gave me an award for being the number one d'i (propagator of Islam). Al-laha Akbar!" \*\*\* "Our 1st African History class will be on 8/95. Maliki and I are working on it together. Jalil, I need materials on that subject." \*\*\* "I've written letter of support of Mumia to 'The Daily Challenge,' 'The Chicago Defender,' 'The Amsterdam News,' 'Haki Madhubuti,' Joe Claire of B.I.T.'s 'Rap City,' 'The Final Call,' and others." \*\*\* Abdul asks that people contact "Political Prisoner Rap Movement," C/O POSR, PO Box 1429, N.Y., N.Y. 10009, to find out about their releases. \*\*\* A poem from Abdul: "Beautiful people, to love us

is to hate the U.S. / To love righteousness, justice, freedom and Mumia is to hate Amerikkka / To love Beauty, Truth, Goodness and Allah is to hate this satanic system. / The most righteous word I can say for Mumia Abu-Jamal are felonies in amerikkka. / I love Mumia...I love people...I love Goodness...I love Allah...I hate amerikkka!"

**TOM MANNING** in Florence is quoted in the *Pueblo Chieftain*, upon being asked his reaction to the Oklahoma bombing, he wrote, "I do not now, nor have I ever, condoned the concept of 'soft targets. There are absolutely no connections between the militia, right-wing, racist-Christian identity people and anything I have, am now, or would ever be affiliated with. We are humanist and socialist in the human sense, not in the didactic or dogmatic sense...." \*\*\* "...Legal issues being worked on...My appeal to being classified as an 'exceptional' case here at ADX/Florence, which denies my being able to move through the step-phased system...On the 28th of June I had [a] hearing, was approved, and on the 29th was moved to J-unit (intermediate) with Oscar & Mutulu who had been in this unit since early May and have since moved on to H-unit, transitional." \*\*\* "I'm sending you a copy of the *This Just In...* suit and would like you to show it to the attorneys working on [it.] [Ed note: the appeal is in process...] \*\*\* A visit from Carol and kids may come about this fall with help from the Rosenberg Fund for Children. \*\*\* "I'm in the 3rd circuit Court of Appeals in Philly on my civil rights suit against the N.J.S.P control unit..." \*\*\* Tomorrow and Thursday I fast and then Thursday I do an RTO-TV interview where, of course, I'll be talking about Mumia's case."

**SHAKA SHAKUR** now in Indiana Reformatory, Pendelton, IN, moved from Ind. State Prison, Michigan City, IN, writes: "This camp located in southern part of de state/Klanland is very repressive against prisoners. Puts one in de mind of pre-rebellion Attica." \*\*\* "Still housed on repressive admin. Seg. Unit." \*\*\* "Involved in

usual activity of trying to save lives and minds."

\*\*\* Was asked to do a piece for Sanyika which is an honor. Working with anotha brotha to write an anthology for and by political prisoners and POWs." \*\*\* "I hope more people stand by Brotha Mumia..."

ψψψψ

**AHMED IBN MUHAMMAD** writes from Florence: "These folks [here] don't know what they're doing. It's like putting some children on a battleship and letting them *figure out* what to do. The library is full of novels; no really important reading. Several convicts have donated books to the library and they can't seem to come up with a way of letting us check them out. In their confusion they cry security. I mean, after all, they had access to all of our property so what's the big deal." \*\*\* "I just completed an Earth Science course and got a certificate. They're moving guys through the phases of their program, one section opening at a time, until they get the UNICOR block open. I've been told that I'd be considered for the next level (J-Block) in 6 months since I was taken from the honor block at Marion." \*\*\*

"This month make 4 years since I've had a visit. I arrived at Marion in October 30, 1991. My last visit was August 1991 at Lewisburg. I am angry often, due to this unnecessary cruelty. Of course things could be worse, so I try to count my blessings." \*\*\* "The food is getting worse. I think too many people complimented the food admin....No fresh fruit lately. Portions been reduced..." \*\*\* "There are a few women working here. A couple in the education dept., a few officers and a few in other areas, like medical dept. Nothing bad about that. It's good to see them getting jobs that were once taboo." \*\*\*

"It is important to concentrate as well [as on Mumia] on the total injustice in the death penalty in the country. It's unfair, disproportionate application against New Afrikans and other minorities." \*\*\* "Peace N Love..."

ψψψψ

**RAY LUC LEVASSEUR** writes from Florence: "Enclosed is the ADX article published in *Westward*, a Denver weekly." \*\*\* One para-

graph reads: "Although indicted for an astonishing array of crimes, he's [Ray] never been convicted of most of them. He bristles at comparisons to the Oklahoma City bombing suspects or the Unabomber, pointing out that no one was injured in any of the bombings of which he was convicted. Left-wing bombers tend to seek publicity, not bloodshed, and the UFF always phoned in warnings to evacuate before the bombs went off...." \*\*\* Ray tells *T.J.I.*: "I had a bad tooth week. Unfortunately my tooth doth protest on a Friday night. There's no doctor, dentist or sick call on weekends. By Saturday night the pain felt like there was a little man working on my molar with a jackhammer. Didn't even have an aspirin, much less a quart of good old sourmash. By Sunday I had a major abscess and had to resort to extraordinary measures to get some medication. By Monday this medication is spent and the dentist fails to show up for work. I raise more commotion. Lucky I got out of this without a shot. Finally I get to see the dentist Tuesday afternoon. He says extraction or root canal. I ask which he thinks best. He says extraction. I ask why. He says because I've still got the rest of my teeth to chew with. This rationale alone made me opt for the root canal. There's nothing quite like getting a root canal while you're handcuffed to a waist chain. I kept thinking of the time I saw the nuns wash out a kid's mouth with soap." \*\*\* "Oscar, Mutulu and Tom have all been moved to J-unit. From J you go to H-unit and then finally to the pre-transfer unit, step 4. The UNICOR factory is at step 4. I'm still languishing at Step 1 but I should get a review in about 3 months. They're moving prisoners along through the steps much quicker now than they will after the entire program is fully operational. This translates to now being the best time to get one's foot in the door towards getting out of here...."

**ANA LUCIA GELABERT** writes from Mountain View Unit, Gatesville, TX where she was moved to in July: Disciplinary action: "Guilty of possessing Karl Marx's *Capital I*; book confiscated, 30 days cell restriction. Going to court

on that." \*\*\* "Documents from revolutionary group in N.Y., which I was to translate, confiscated by TDCJ. Going to court on that too."

\*\*\* Job: "Keypunch license plates. Trying to teach my co-workers (so far in vain) that 'sabot' is French for 'wooden shoe.'" \*\*\* Ana Lucia sends a poem, "With a Piercing War Cry, " part of which reads: "Capitalism of our days / can do anything / put a man on the moon / or a woman on Mars / Create new biotechnological species / or instant deadly viruses / or do instant electronic transfers anywhere day and night / and do all sorts of miraculous wonders / except to exist without Us..."

**PHIL AFRICA** writes from Dallas, PA: "On 8/2/95 I was told to pack up because I was being transferred from Rockview prison to Dallas prison. Reason given was 'They' got 'orders.' I was not to be at Rockview for any more executions and mainly if Bro Mumia did not get a stay. Rockview is the prison where the state-carried-out murders take place." \*\*\*

"Mumia received a stay of execution!" \*\*\*  
 "The power of unity has a lot to do with the 'stay' being granted, along with the hot weather and this system's interpretation of hot weather and rebellion..."

**KALONJI JIHAD** writes from M.C.C., Westville, IN: "after straight five months, on July 21, I was released from tuberculosis quarantine section and quarantine section was shut down. On July 38, I was placed back into M.C.C. general isolated population." \*\*\* Prisoners must have a strong immune system and strong mentality to withstand de prisoncrats' attacks. Tuberculosis is used to destroy de respiratory system, genito-urinary tracts, bones, joints, lymph nodes, nervous system."

\*\*\* "Contaminated water has chlorine and lead which destroys de blood cells, causes headaches, nausea, abdominal pain, brain damage and eventually destroys de liver, kidneys and spleen." \*\*\* "ventilation system has gas fumes many days, causing respiratory problem which leads to hay fever, asthma,

bronchitis." \*\*\* "Court system continuously denying prisoners due process of law year after year, which causes tension, frustration, stress, anxiety." \*\*\* "these negative attacks we must endure to build a strong Nation." \*\*\*  
 "My revolutionary love goes to Mumia Abu-Jamal, love to all POW's, PPs and righteous oppressed people."

**JIM BARRETT** writes from Florence: "I'm hung up on a writing project and I'll write as soon as I get space." \*\*\* "Rejection slip for TJI." \*\*\*  
 "This has been my hottest summer ever: 3 times we've had stretches of blistering 100 degree weather, 8 and 10 days at a time." \*\*\*  
 "On August 5th, I got a visit from Liz Fink of Brooklyn. She is an activist lawyer." \*\*\* "So far as I know, the count here is around 243. A tight ship. On the in-house TV channel the educ. dept. has started showing videos and sign up for a cluster, say Earth Science (volcanoes, hurricanes, etc.) or criminality or printing, watch a few 20-minute show and get an authentic certificate. OH BOY!"

**RAMONA AFRICA** of Philadelphia reports in her newsletter *On the Move* about her numerous activities since February 22nd: She has had about 45 speaking engagements which include colleges, churches, a mosque, and something like 24 interviews for periodicals. She had talked about Mumia and the May 13 bombing on Osage Avenue. She urges the release of the 9 MOVE brothers and sisters still in jail and makes a strong appeal for a new trial for Mumia. On May 21st she was one of the speakers at the "Live from Death Row" book-reading at Cooper Union sponsored by radio station WBAI, Equal Justice USA/The Quixote Center, N.Y. Coalition to Free Mumia Abu-Jamal and the International Concerned Family and Friends of Mumia Abu-Jamal.

**JANINE PHILLIPS AFRICA** writes from Cambridge Springs, PA: "I wanna talk about my Brother Mumia's situation. MOVE people can't

focus on anything else." \*\*\* Janine goes on eloquently about the unfairness of Mumia's trial and the present hearing before Judge Sabo who, she says, follows legal procedure for PCRA's--"the judge that convicted you hears the appeal." \*\*\* "The MOVE organization is committed to putting an end to [the miserable prison conditions]. Unless you are rich you and your children are not immune to these conditions."

**CORN BREAD (RONALD JOSEPH OWENS)** writes from Cedar Junction, Walpole MCC, MA: "Court order that lockdown be ended by end of July, '95." \*\*\* "90 minutes three days a week out of cell with other brothers allow us to build a new Afrikan nationalistic discussion. We are still confined to the 45-man unit. Eventually 'schooling/religious' services are supposed to be via T.V. cable for inmates with T.V.'s" \*\*\* :I've been lucky enough to get in touch with a radio talk show hostess who is finally giving air time to the need/issues of prisoners here in Walpole during this lockdown. She reads off our letters and has callers' discussions over the air. This is slowly bringing our side of the 'story' to the forefront. I sent her a 2-page expose letter and she read it all off!. [I challenged] the MDOC spokesman to call in and tell the public that [I] was lying. Of course, no one called, because I *only* deal Truth, fluff." \*\*\* "I have a question--can I write to the prisoners whose addresses are listed at the end of *This Just In...*?" [Ed note: Try..]

**CHUCKIE AFRICA** writes from Graterford, PA: job: "Should be in the plumbing shop soon." \*\*\* "Still box and run to stay in shape. Been doing legal work against some conditions here at Graterford." \*\*\* "They re-classified me as a 'Z' code--meaning I am only to be 'housed in a single cell.' Of course, they knew this nine months ago but just wanted to keep me 'doubled' for a while until I pressed the issue." \*\*\* "On a MOVE!"

Deal with loads of fundamental Christians so will have to start off carefully. But after I get them to the trough I'll have them ready. (smile)." \*\*\* Eddie encloses a flyer: "Boycott Food Lion [owned by Tom Smith, a contributor to Jesse Helms....]" Eddie has a "massive campaign going against Jesse Helms..." Eddie reports on the telephone that he is feeling good!

**HUGO LYONS ANTONIO PINELL** writes from Pelican Bay SHU: "Came in on a 3 yrs. to life undetermined sentence in Feb. '65, age 19, but received additional convictions in 1976 (last one) out of San Quentin Six case--1971--4500 p.c. assault. Eligible for parole in 1985..." \*\*\* No disciplinary infraction in 13 years. Last disciplinary was in 1982." \*\*\* Job: "I'm locked down 24 hrs. a day.." \*\*\* "No organized activity. I did join the Black Movement in 1967 in San Quentin but this movement doesn't require an organized application to be a part of." \*\*\* "Any personal ventures? "No. I simply keep close contact with my dear mom, my family and close friends, using that energy to help me hold on better and to appeal to all good and just people thru them. That's a personal practice that never grows old and it gets better all the time..."

**ABDUL OLUGBALA SHAKUR (JAMES HARVEY)** writes from Pelican Bay: "I would like to clarify something in the June issue [TJI]. I had mentioned my writing ventures in regards to my pamphlet and other writings. I state Brotha Hugo Pinell is writing with me. The fact of the matter, I am doing all the writing. Brotha Hugo is verbally providing me with the information he thinks will be useful. Though he had only written the forward to my pamphlet, I still credit him with helping me. Brotha Hugo felt I gave him more credit than he deserves. I may be guilty of that; it was my intention to encourage and stimulate Brotha Hugo--He is a very important source of information, especially concerning the beginning stages of the Black

Movement in prison. ...He has helped me a lot in seeing the big picture. This Brotha doesn't look for publicity or sympathy and I can understand that, but we can't forget him either. And we must not forget our Brotha Ruchell Magee. Though he was found not guilty on those charges relating to the Marin County court house revolt (Aug. 7, 1971) he is still being held hostage by this government. Revolutionary love to kindred spirits!"

**ELEGGUA OSUN ELUFE** writes from Eastern N.Y. State: "My last parole denial is in the Appellate Court; I am scheduled for a hearing in Sept." \*\*\* "Some have protested against [double-bunking] and some have sold out, to get closer to home or out of solitary confinement." \*\*\* "I am [trying] to participate with a non-violence group. The Prisoner's Rights group was targeted by the prison officials." \*\*\* "[There's] a need in the communities to uplift the youth and others who are in need to [prevent them from] being confined in these warehouses. We lost a generation already; we cannot lose any more. I am doing my best to assist in educating them, communicating with them. I know how they feel. Just like when I wasn't there for my kids when they were growing up." \*\*\* "I am elated to know that Mumia is receiving a lot of international support..."

**MARK COOK** writes from Washington State Reformatory: "Motion for Immediate Release still pending since June 16, 1995." \*\*\* New rule: "yes. It is called the no-sag rule. The gangsta fad of wearing sagging pants is prohibited." \*\*\* Activity: "Inside Mediation Program (IMP)--resolving disputes between prisoners." \*\*\* "I have a new granddaughter but I don't know her name yet." \*\*\* "I am proud to announce that the Seattle community folks of the Mark Cook Freedom Committee have shifted our priority action from my case to that of Mumia Abu-Jamal." [Due to lack of space Mark's passionate appeal for Mumia has been omitted].

**ABDUL MAJID** writes from Sullivan State Prison, NY: "On June 26, '95, we were granted permission to appeal to the Court of Appeals on our conviction of murder 2nd. If we prevail on this the door looks like it will be open (insha' Allah)." \*\*\* "Been trying to get people to do some writing about Mumia." \*\*\* "Will start a political education class for Muslim and non-Muslim prisoners to raise the political awareness in general." \*\*\* "Health: 'Sick of U.S. injustice.'" \*\*\* "Glad to hear Sanyika is leaving Pelican hell hole. Will make dua (prayer) for the other comrades."

**EDITOR'S NOTE:** TJI is receiving an increasing number of letters from political prisoners and POW's who tell about their inability to get legal aid on actions they have initiated or want to initiate concerning their convictions and imprisonment and/or their treatment in prison. It's a sad fact that at present only a relatively few lawyers are devoting major time to cases involving PP's and POW's; because they are so overloaded, these few deeply concerned lawyers have to turn down PP's and POW's who apply to them for legal aid. A number of us, both lay people and lawyers, are trying to find ways of encouraging more lawyers and legal organizations to get involved, and we are searching for more efficient ways of utilizing the talents of lawyers who now are serving valiantly. We'd like to hear from TJI readers who have ideas on this problem.
